

Monday 7th October 2024

Dear Parents/Carers,

Year 5 Space Odyssey – A Voyage of Discovery

On Wednesday 16th October 2024, we are delighted to be welcoming Space Odyssey into the academy with their spectacular 360° 3D space experience

The fascinating planetarium, Space Dome, is led by Simon Ould, an experienced science teacher and Fellow of the Royal Astronomical Society. The experience aims to support the Year 5 Science Curriculum for the Autumn Term.

Pupils will visit the Space Dome with their classes at various times throughout the day.

The cost of this is £6.00. We politely ask that this is paid for via ParentPay by Tuesday 15th October 2024 (*Payment item: Year 5 Space Odyssey - Wednesday 16th October*).

Thank you for your continued support.

Yours sincerely,

Mr Doble.

Mr Doble & Year 5 Team.
