

INCLUSION NEWS

: SPRING 2024

Happy new year!

We wanted to share with our school families, the continued support we have prepared for 2024 and decided that a termly newsletter would be a great way to do this.

From your Inclusion Team:

Kate Rose-Lean (Operational SENDco)
Anita Rich (Assistant SENDco)
Marci Mackay (Parent Support Advisor)
Karen Dickens (TRUST SENDco)

Decider Skills Training

We are excited that all of our children will be working with the Mental Health Schools Team in the Spring Term every week for support with Decider.

Decider Skills are a set of life skills (12 at Key Stage 2, 4 at Key stage 1) based on cognitive behaviour therapy (CBT). These are taught across 4 sessions over 4 weeks.

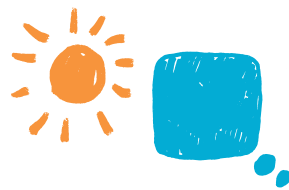

The skills are aimed at helping young people to recognise and understand their emotions, and promote positive mental health. They include basic problem solving and conflict de-escalation skills, and have a strong focus on supporting children in regulating their own emotions.

Reviews

- If you have a child with us with a Special Educational Need you will have a review of their CELT Support Plan every term.
- Our next reviews with teachers and our Inclusion Team start week beginning 29th of January.
- Following these meetings (after February half term) your child's teacher will call you to discuss the plan and arrange a meeting.
- Please write down any notes, questions/concerns you have regarding your child's wellbeing and progress so that when you speak to your class teacher we can review the plan together.
- Your input and feedback is very important to us!

Weekly Surgery

Our Inclusion Team offer weekly a weekly "Surgery" to support families with any questions or concerns regarding SEND.

NJA

Every Tuesday from 8.30am - 10am

NPA

Every Thursday from 8.30am - 10am

These must be booked in advance, please pop into the school offices.

DATES FOR YOUR DIARY

Parent Cafés/Pop-ins:
